SUSTAINABILITY AND ESG IN AND WITH HONG KONG

How to make it work!

SEMINAR

15:00 - 18:00

Join us for an enlightening seminar on sustainability and ESG practices in Hong Kong and the Greater Bay Area (GBA). Our esteemed speakers will share insights on the challenges and opportunities of sustainable practices, evaluate current actions taken, and analyze their impact on climate change.

Engage in thought-provoking discussions and gain valuable insights from our panelists' experiences. The event will feature business leaders from the Netherlands, Hong Kong, and the Greater Bay Area, fostering collaboration to achieve global climate goals and advance ESG practices.

Don't miss this important platform for sharing knowledge, discussing best practices, and exploring potential partnerships in the context of climate goals and ESG implementation.

Visit www.nhkba.nl for more information.

Expected number of guests: 125
